Qualification Description

The Postgraduate Certificate in Education in Senior Phase (SP) and Further Education and Training (FET) (PGCE) programme is structured in accordance with the Department of Higher Education and Training's (DHET) Policy on Minimum Requirements for Teacher Education Qualifications (2015). It is also aligned with the new Higher Education Qualifications Sub-Framework's (HEQSF) guidelines. The programme will equip Senior Phase (SP) and Further Education and Training (FET) student teachers with the knowledge, skills and applied competencies for employability and further specialisation study, in support of the principles of life-long learning.

This PGCE provides a fundamental and comprehensive education underpinned by subject and pedagogic knowledge in specialised teaching in specific SP and FET band subjects.

The programme focuses on foundational education theory and methodology and is therefore closely aligned with the requirements of a professionally qualified beginner teacher. As a distance student you will receive all your support online from a dedicated team of Emeris lecturers.

Who Is This Qualification Aimed At?

This PGCE is a professional teaching programme that targets graduates with a suitable Undergraduate Degree or an approved Diploma* in appropriate and scarce fields in the teaching profession. The programme offers entry-level professional preparation for Undergraduate Degree or Diploma holders who wish to develop focused knowledge and skills as classroom teachers in the Senior Phase and Further Education and Training band in their chosen subjects.

The purpose of this programme is to qualify students to follow a career in teaching in the Senior Phase (Grades 7-9) and Further Education and Training band (Grades 10-12).

* Consideration may be given to holders of 360 credit exit Level 6 Diplomas in appropriate and scarce fields as identified by the Department of Higher Education and Training (2015).

Admission Requirements

Minimum Admission Requirements	
<p>An approved Bachelor's Degree or equivalent qualification, as stipulated in the Minimum Requirements for Teacher Education Qualifications (MRTEQ) (DHET, 2015), but consideration may be given to holders of a 360 credit Diploma in appropriate and scarce fields as identified by DHET. Access Into Work Integrated Learning (i.e. Teaching Experience)

The Teacher Education qualifications of The Faculty of Education have Work Integrated Learning (WIL) that occurs in the schools with particular requirements. If you are an international student, studying in the distance mode, you will require the relevant visa documentation in order to be placed in school based WIL within South Africa schools.

The following is important in this regard:

SACE Provisional Registration

All students registered for an initial teacher education qualification with The are required to provisionally register with SACE.

Police Clearance Certificates

All students undertaking an academic qualification with a school-based WIL component will be required to have a valid police clearance certificate on commencement of their Teaching Experience component in a school.

Access into school-based Teaching Experience

Access into school-based Teaching Experience in any academic year will be conditional upon meeting both of the following requirements:

- 100% Attendance in the Teaching Experience Module Lecture Sessions.
- 100% Submission rate for all module assessments in modules aligned to Teaching Experience.

System and Software Requirements

- Reliable internet connection (we recommend 5-10 GB of data per month and an internet speed of at least 0.15 Mbps)
- Desktop PC or laptop with at least an i3 processor and 4GB RAM memory
- Windows 11 or macOS 10.15 (Microsoft Office 365 is available as a free download for Emeris students), and Google Chrome, Microsoft Edge Chromium or Firefox
- A working webcam and microphone
- An uninterrupted power supply is also highly recommended.

Exams are written at an exam centre and in some instances online. These details will be specified in your Programme Assessment Schedule (PAS).

Graduation and Completion Requirements for This Qualification

In order to be awarded this qualification, you must have achieved a minimum final year mark of fifty percent (50%) for all 8 modules in the curriculum.

As a distance (online) student, this qualification is structured to be completed over 1 or 2 years. The maximum time for completing a qualification full-time is double the minimum time associated with the qualification, and for part-time an additional year is allowed.

Where Assessments Are Written in Person

- For students based in South Africa, online students may select any Emeris campus as their Examination Centre.
- An alternative examination centre is only permissible for students studying abroad and those located in a province of South Africa where there is no campus. If there is no campus within reach, an alternative venue will need to be sourced by you. For non-Emeris venues, there is an alternative venue levy per module.

How Will Emeris Support Your Online Learning as a Distance (Online) Student, and How Will It Help Prepare You for the Working World?

Our distance teaching and learning approach is designed to allow you the freedom to self-govern your learning experiences according to your individual needs. You are at the centre of your own learning journey, and by offering curated engagement opportunities, we partner with you to:

- Engage with subject material
- Build understanding
- Develop critical thinking and problem-solving skills
- Manage your work, life and studies
- Succeed in your personal, professional, and academic goals.

What Are the Benefits of a Distance (Online) Qualification?

The distance (online) delivery mode provides you with the agility of studying towards a tertiary qualification asynchronously, at different times from different locations. Distance students need to commit to approximately 20-25 hours a week for distance engagement (most of which is after hours) with material and assessments to succeed.

Here are some of the benefits you can expect:

- A sequenced online learning environment that allows you the ability to manage your learning experiences flexibly and autonomously.
- A learner guide designed to lead you through the module material and learning outcomes, empowering you to effectively pace your learning in preparation for assessments.
- Our Learning Management System is designed to break up your learning units into manageable sections which include various activities to support learning.
- Module expert online lecturers that facilitate module teaching and learning support through various technology enhanced mediums.
- Student Relations Specialists provide administrative and operational guidance and support throughout your academic journey.
- A professionally registered Student Wellness Manager/Counsellor available for short-term, primary counselling services. Additionally, the Student Wellness Manager/Counsellor hosts various webinars and virtual talks on topics that promote a balanced lifestyle as you pursue your academic goals.

Apply Online

After your application is submitted, we will review your documentation and provide an outcome regarding your chosen study.
